

Presidential Speech
On
The 29th Parting Social, Annual Conference- Cum – Cultural Nite.

It is my great honor to acknowledge the presence of each and everyone seated here today, on this special occasion of Naga Students' Union, Pune. I thank our heavenly Father for all the good things He has done and honoring my heart's desire and giving me a privilege to serve my people. I humbled myself before God and you for choosing me as your President for this Union, despite of my undeserved qualities.

Today we are here for a purpose. A purpose to reach our destiny and for our dreams to bring it into reality. I believe there is an Author of this purpose, and He is 'Christ Jesus' in whom alone our dreams will be accomplished and realized. The Word of God says, "For God was pleased to have all his fullness dwell in Him, and through him to reconcile to himself all things , whether things on earth or things in heaven by making peace through His blood, shed on the cross"...Colossians 1:19, 20. I'm fully convinced that in this generation of ours too many people, families, tribes, nations and societies are longing to reconcile with our Creator's plan. And realizing the fact, we are challenged as an individual as well as community. We Nagas are not exempted from this crawling step for finding the reason of our existence. As a Naga, particularly in this arena of Pune, you and I have a responsibility and are responsible to channel out the flow of Hope.

For me since, the year I landed in Pune our Motto 'Unite for Greater Heights' has been a fascinating and encouraging word. I' m sure for everyone out here too. But I'm doubtful in promoting or sustaining of Unity in our society today unless, we get back into the Creator's tune, because everything holds together in Him and without Him nothing exists. So unity is a process where we align and in tune our hearts together into, within the ambit of God's Principles. Ultimately such alignment will produce an atmosphere and an environment of harmony in our personal life as well as in our society. And that beauty brings Unity.

Ladies and gentlemen, once again I assure you that, we will strive forward for our better future. In this aspect, focusing in helping out our fellow brothers and sisters in Pune for their basic needs would be our primary job. So I urge and plea each and everyone for your co-operation and anticipation because you are the sources in which we flow together under the Banner of NSUP.

Therefore, your flexibility in our activities and openness of mind in welcoming the differences and diversities of our Culture, backgrounds, geo-political division, way of thinking etc. will be the foundation for striving forward for greater heights. Importantly,

you will come to understand and respect everyone equally in the eyes of God. That's the beauty of, called 'One Community'. In response to the call we as your leader will always welcome your suggestion, criticism and encouragement if at all for the betterment of our Naga Community. Also we will sacrifice in whatever way we can for you and will be available at the best of our time and ability.

Lastly, I want to conclude challenging all of us regardless of who you are, and what you do, but as Naga to strive and pursue in 'Living a life of Integrity'. That will save you and me in any situations, circumstances, troubles and from people around us too. I simply mean God knows everything through and through. And now is the time to show and reflect the beauty of 'the only living God' and our Creator.

Once again I wish the best future for our out-going Committees. And we do really appreciate your self-less service which you've rendered during your tenure. We will follow your footsteps and let the legacies spread.

Thank you all for your kind attention and patience toward me.
